Danforth Bay Camping & The Bluffs RV Resorts Receive Highest Rating

Danforth Bay Camping & RV Resort Receives 5-star rating by Woodall's Media

Freedom, NH - Danforth Bay Camping & RV Resort and the neighboring Bluffs RV Resort for the third year in a row have both received 5-star ratings from Woodall's Media Company, publishers of the North American Campground Directory for over 70 years. This is the directory's highest rating and represents fewer than 3% of the privately-owned campgrounds and RV parks listed in the 2012 guide.

There are two possible category ratings for the directory: "Facilities" and "Recreation". Danforth Bay, www.danforthbay.com, and The Bluffs, www.nhrvresort.com, have received 5-star ratings for both.

Woodall's Facility ratings are a composite of eight different "areas of interest," including Entrance, Services, Sites, and Grounds and Lighting. Recreation categories consist of "Major" amenities, such as swimming pools and tennis courts, and "Minor" offerings like shuffleboard and canoeing.

According to Woodall's Associate Publisher Ann Emerson, what set Danforth Bay and The Bluffs apart was "the time and investment in the development of [the parks], personnel, recreation programs and excellent maintenance."

Owned and operated by Purity Spring Resort, www.purityspring.com, and the Hoyt family since 2001, Danforth Bay Camping & RV Resort has attracted family campers and "seasonal" guests to its 185 forested acres on Ossipee Lake through a combination of rustic relaxation and modern amenities. In addition to traditional features such as sandy beaches, hiking trails and lake fishing, the resort offers recreational programs, heated swimming pools, movie lounge, WiFi access and live entertainment. Danforth Bay is also opened during the winter months and offers snowmobilers central access to hundreds of miles of groomed trails, including "Corridor 19".

The Bluffs RV Resort is an expansion of Danforth Bay Camping & RV Resort and offers "seasonal" and "extended stay" RV camping designed exclusively for active adults over 50. The Bluffs offers over 250 large RV sites and is spread on a 150-acre hillside which overlooks Huckins Pond and Danforth Bay of Ossipee Lake. Guests can enjoy hiking, biking, canoeing and kayaking, or relaxing at the 10,000 square foot "Club House," which features two heated saltwater pools, a fully-equipped fitness room and a large 10,000 square foot function room.

“With just 3% of the campgrounds nationwide to achieve this rating, owning one resort is certainly an accomplishment” said Dan Houde, Marketing Director for the Purity Spring family of businesses. “But to receive 5-star status for both camping resorts is truly a distinct honor.”

Woodall’s Representative Teams evaluate privately-owned parks on a yearly basis and this is the third year in a row both Danforth Bay and The Bluffs have received this honor.
